Documents: Go to download! Owner's manual - (English, Spanish) Upright Vacuum User manual Dyson DC18 Usage and carrying Caution This machine is intended for domestic use only. Let the vacuum cleaner cool down for at least an hour and then clean the filter and remove any possible blockage. The pores of the bag will get saturated, causing a loss in suction and possibly damaging the motor. A regular vacuum cleaner is not designed for this and it can cause a fire. If you find an inaccuracy in our frequently asked questions, please let us know by using our contact form. This determines whether the dust bag will fit a certain vacuum cleaner. Verified Nearly all vacuum cleaners have a head with an adjustable brush. If this didn't help you should contact the manufacturer. Verified It is possible that there is a twist or fold in the cord. This is mostly indicated in liters and determines how much dust the bag can hold. Dyson DC18 Upright Vacuum - Use Manual - Use Guide PDF. Verified This is not advisable. Verified There are two sizes that need to be considered. This was helpful (298) What setting on the vacuum cleaner brush head should I use? This will generally remove any objects that are clogging the hose. If this happens, we recommend vacuuming in bare floors mode and consulting with your flooring manufacturer. The brushbar will automatically stop if it becomes obstructed. If the brushbar stops during use, please refer to the blockages section. TIP: The brushbar will not turn until you tilt the handle backwards to begin vacuuming. Wand release/Using tools Ensure machine is in upright position before using tools. To protect your floors, the brushbar will not rotate when the machine is in an upright position. Ensure hair and loose clothing are kept clear of wand cap when machine is switched on. Ensure wand cap is closed, unless using with tools. Powerful suction can cause the hose to 'pull back' - please take care when using.
